Sales & Customer Service Professional | Reservations Support | Tech-Savvy Problem Solver

Results-driven sales and customer service professional with experience in outbound sales, customer support, digital marketing, and technical troubleshooting. Skilled at using a consultative approach to understand customer needs, explain options clearly, recommend relevant services, and create a positive customer experience.

Strong background in phone-based communication, de-escalating frustrated customers, meeting sales goals, booking/supporting client needs, and using software tools such as Salesforce, Microsoft Office, Outlook, Teams, Zoom, and CRM systems. Reliable, adaptable, and comfortable working in fast-paced environments with changing customer requests.

Key strengths include:

- Consultative sales and customer service
- Upselling and cross-selling services based on customer needs
- Clear verbal and written communication
- Active listening and professional phone manner
- Handling customer inquiries with patience and accuracy
- De-escalating frustrated customers
- Meeting sales targets and quality expectations
- Tech-savvy with CRM, email, and office software
- Flexible, reliable, and quick to learn new systems

- Can write and put together simple Python programs. Plus the ability to collect and store data with Python

Real estate wholesaler

N/a | Ontario

June 2024 to March 2025

I was connecting with real estate agents and owners specifically to find good deals as a wholesaler, to save people time who wanted to invest in the asset without doing the work to find and secure the deal themselves.

Outbound Sales Representative

SP Data Digital | Toronto, ON

February 2023 to September 2024

Achieving sales targets

Customer Service

Troubleshooting hardware

Software used : Cisco / Salesforce / Fusion

Surpassing Sales targets

Being able to de-escalate frustrated customers

Multitasking with the software and speaking with customers

Customer Service Associate

Visions Electronics | Vaughan, ON

August 2018 to September 2019

Helped customers gain in depth knowledge of the products they were thinking of buying & determining which would be the best choice for them by listening to their current situation and wants by asking the right probing questions.

Sales/Marketing

Bizzwel Digital Marketing | Toronto, ON

December 2016 to June 2018

A digital marketing agency for solar panel companies that branched off to work with Real estate agents & construction companies.

This was a startup of mine. I made many cold calls, advertising on Instagram & Facebook. To generate leads & consultations with customers to identify a solution package for them.

I'd then either create video ads personally & edit them before starting to market, or I'd be sent content from the customer to begin running a campaign for the customer.

Education

Software Engineering Technology 3469 (College diploma)

Centennial College | Online

September 2025 to Present
